

Reynolux[®]
Building

We are investing in
your satisfaction

A product is only as good as the team behind it. You'll find both right now at Reynolux[®]: exceptional coil-coated aluminium materials for façades, roofing and accessory trims backed by a team that runs the extra mile to meet your requirements. And we are investing in the future: our new Reynolux[®] coil coating line will soon be coming online. What does that mean for you? Better service, even shorter delivery times, even more flexibility for colours and sizes, and much more. Our team looks forward to introducing you to the new possibilities opened up by this investment.
