

# Alcoa Wheel Products – Technical Bulletin - Balance Weight Summary

January 7, 2008

Please use the following guide for balance weights recommended with Alcoa wheels currently in service on transit buses and motorcoaches. (Some part numbers are not currently in production since new generation wheels have replaced these wheels).

The table indicates the balance weight to be used with many of the variations of the 10-hole 335 bolt circle wheels. Please ensure you are utilizing the correct balance weight system for your wheel.

Wheel	Status	Balance Weight System
74340	Obsolete	TAL Clip-on
74345	Obsolete	TAL Clip-on
81354	Active	Hoffman Clip-on
81355	Active	Hoffman Clip-on
81356	Obsolete	TAL Clip-on
