

Spread Your Wings!

A few Alcoa employees get to spread their wings and travel to various parts of the world and participate in a global Earth watch.

What You Need To Do

Go to the website below and find out more about the seabirds of Prince William Sound, the Coral and Coastal Ecology of the Seychelles and much, much more!

http://www.alcoa.com/global/en/environment/ew/2007/earth_watch_2007.asp

Imagine you are one of the employees chosen to participate in a global Earth watch. Write a diary of research and experiences.

You might be inspired to write your own travelogues next time you get to wander to a new part of this wonderful planet.
