

# Searching for Safety Data Sheets

## Searching by Product Name

1. Click the SDS Search Link from our webpage.
2. Type the name of the product in the "Name/CAS" search field (*Product Name* from Section 1 of SDS).
3. Use % sign as a wild card if you don't have the exact product name.

4. Click SEARCH.
5. Click on the material name in the list to view the available SDS Documents for that material.

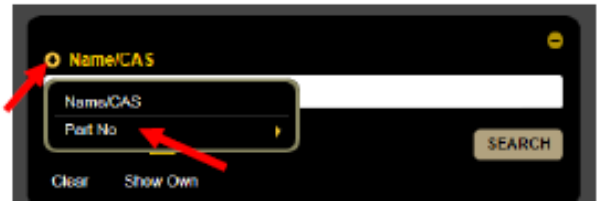

6. Click on the Name of the document for the Country | Language you need.

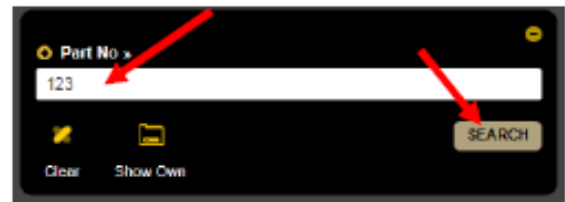

Name	Vendor	Type	Language	Country	Units	Issue Date

SILICA BASED CERAMICS	ALCOA	8500	Czech	United States	Primary	03/06/2015

## Searching by SDS Number

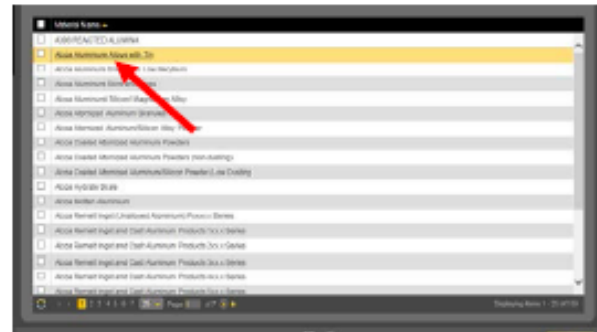

1. Click the SDS Search Link from our webpage.
2. Click the "+" next to Name/CAS and select Part Number.

3. Enter the Alcoa SDS number (3 or 4 digits | Section 1 of SDS) in the search field and click SEARCH.

4. Click on the material name in the list to view the available SDS Documents for that material.

5. Click on the Name of the document for the Country | Language you need.
