Application for Santeetlah Reservoir Private Recreational Facility (Pier) Permit

This application applies to private recreation facilities for either a single lot or two adjoining lots on Santeetlah Reservoir. Please refer to Tapoco's Specifications for Private Recreation Use Facilities for additional information.

Tapoco will permit private recreation facilities (piers) on Santeetlah Reservoir only.

The only new facilities permitted are (i) a stationary pier, ramp and floating dock combination, (ii) a ramp and floating dock combination or (iii) a floating dock (all three are referred to as a pier).

Summary of application process:

1. Print or type all information in Sections One – Three below and return completed application to APGI, Tapoco Division, P.O. Box 576, Highway 740, Badin, N.C. 28009-0576. Please call 865-977-2869 ext. 1025 or toll free 888-886-1063 with any questions.
2. Contact Tapoco to arrange an on-site visit.
3. Tapoco will review application and if application is complete, Tapoco may issue a construction permit for a one-year term.
4. If the construction or activity applied for requires a building permit from the County Building Inspector, then, within one year of the issuance date of the Construction Permit, the permittee shall provide Tapoco with the Building Permit (see page 6 of this application) issued by the County Building Inspector stating that the County has inspected the structure or activity and that the construction is in compliance with County requirements.
5. Permittee shall notify Tapoco of completion of construction and arrange for Tapoco to inspect the completed construction.
6. Once constructed, a private pier requires a private recreation facility permit from Tapoco.

Application

Section One - Background Information *(to be completed by Applicant)*

1. Full Name: _____
2. Permanent Mailing Address: _____
3. Local Address (if different): _____
4. Telephone (Business): _____ (Permanent): _____ (Local): _____
5. Email: _____ 6. County: _____
7. Development: _____ 8. Section: _____ 10. Lot No.: _____
11. Parcel No.: _____ 12. Permit No. (for replacement pier): _____
13. Attach copies of the following:
 - ? deed
 - ? plat showing location of dwelling and location and dimensions of proposed pier
 - ? if applicable, copy of USFS Special Use Permit (or other necessary permit)
14. Permit request is for type of activity (check as many as apply):
 - ? Construction of New/Replacement Pier
 - ? Construction of Steps/Walkways
 - ? Electrical Installations

Section Four - Information Needed for Construction of New or Replacement Pier *(to be completed by Tapoco)*

1. Copy of deed and plat showing location of dwelling and location/dimensions of proposed pier (circle one):
 Yes No
2. Width of lot: _____ 3. Width of cove (if applicable): _____
5. Pier Dimensions: a. Total square footage: _____ b. Overall length: _____
 b. Stationary section: _____ c. Ramp: _____
 d. Floating section: _____
6. Construction materials: _____
7. Unique or important environmental resources proximate to proposed site (circle one): Yes No
 (If yes, attach any consultation with NCWRC, NCDENR, USFWS, or USFS.)
8. Known archaeological site proximate to proposed site (circle one): Yes No
 (If yes, attach consultation with NCDCR and EBCI THPO.)
9. Notes: _____

Section Five - Information Needed for Construction of Steps or Walkways *(to be completed by Tapoco)*

1. Brief statement describing proposed activity: _____

2. Attach sketch or diagram of proposed steps or access pathway and the location on lot. Show location of trees and other vegetation to be removed.
3. Approximate area of or number of trees to be removed: _____
4. Approximate area of other vegetation to be removed: _____
5. Construction Materials: _____
6. Notes: _____

Construction Permit No. _____

This Construction Permit is issued by APGI, this _____ day of _____, 20__ and authorizes the construction of the above-described facilities or activities in compliance with the information provided in the Application for Santeetlah Reservoir Private Recreational Facility Permit, the terms of this Permit, and all applicable requirements of Tapoco's Specifications, Shoreline Stewardship Policy and other Tapoco procedures and requirements.

 Date

 Signature of APGI, Tapoco Division

Conditions of Construction Permit No. _____

1. The permit is granted solely to the adjoining property owner for the purposes described in the Application for Santeetlah Reservoir Private Recreational Facility (Pier) Permit.
2. The adjoining property owner represents that he is the owner of the land described in the Application for Santeetlah Reservoir Private Recreational Facility (Pier) Permit.
3. The adjoining property owner shall immediately notify Tapoco of a change in permanent mailing address.
4. Unless otherwise stated herein, the term of the Construction Permit shall be for one year from the date of its issuance.
5. If the construction of the structure or activity permitted herein requires a building permit from the County Building Inspector, then, within one year of the issuance date of the Construction Permit, the adjoining property owner shall obtain and deliver to Tapoco, the Building Permit issued by the County Building Inspector which states that the County has inspected the structure or activity and that the construction of the structure or activity is in compliance with County requirements. The Construction Permit shall become null and void if Tapoco has not received from the adjoining property owner said County Building Permit within that period.
6. Further, the adjoining property owner agrees to construct, maintain and operate any permitted activity or structure in a manner so as to minimize any adverse impact on fish and wildlife habitat, natural, environmental or cultural resources values and in a manner so as to minimize adverse impact to water quality. The permitted activity or structure must not interfere with navigation or ingress and egress to adjoining properties, or in any manner present a safety hazard or nuisance and must be consistent with Tapoco's Specifications for Private Recreation Use Facilities and Tapoco's Shoreline Stewardship Policy and other environmental values of the reservoir.
7. Tapoco may terminate the Construction Permit at any time upon 30 days notice mailed to the adjoining property owner at the permanent address shown on the Application.
8. The Construction Permit may not be assigned, in whole, or in part by the adjoining property owner. It will become automatically void upon any attempted assignment, foreclosure on the land or the death of adjoining property owner. Any work permitted herein shall be completed prior to any assignment, in whole or in part, by the adjoining property owner.
9. The Construction Permit may be transferable to a subsequent purchaser of the adjoining property owner's land so long as (i) the activities or structures have been maintained in good repair and comply with all applicable federal, state and local health and safety requirements; (ii) the adjoining property owner (seller) has complied with the Construction Permit, Tapoco's Specifications, Tapoco's Shoreline Stewardship Policy and all other applicable Tapoco procedures and requirements; and (iii) the purchaser signs a new permit in the form required by Tapoco.
10. Failure to abide by these conditions, the Construction Permit, Tapoco's Specifications, Tapoco's Shoreline Stewardship Policy and any other applicable Tapoco procedures and requirements may be cause for termination of the Construction Permit. The primary sanctions for violations are loss of eligibility for: (i) a private recreation facility permit or multi-use facility within the Project Boundary (i.e. on a reservoir); and (ii) where applicable, use of, or private access to the reservoir and/or APGI-owned lands. Tapoco also may terminate any existing licenses or permits; erect a barrier to restrict access to the reservoir or APGI-owned lands; and may require the adjoining property owner, at the adjoining property owner's expense, to cease construction, remove the structure or Activity and perform appropriate restoration and mitigation, up to and including restoring the lands and waters to their original condition. In addition, if the adjoining property owner fails to take the required action after notice from Tapoco, at the adjoining property owner's sole expense, Tapoco may remove the structures, treat the structures as its own property without liability to adjoining

Conditions of Construction Permit No. _____ continued

property owner for payment and perform the required restoration and mitigation. Tapoco may also pursue any other rights or remedies, including damages, they may have hereunder, at law or in equity.

- 11. Tapoco shall in no case be liable for any damage or injury to the activity or structure, to the adjoining property owner's property or to the adjoining property owner or those claiming through or under the adjoining property owner or of those enjoying the privileges granted by the Construction Permit, arising or resulting from the construction, maintenance or operation of Tapoco's hydroelectric facilities or the use of, or operations upon, APGI-owned lands.
- 12. Adjoining property owner assumes and agrees to indemnify, defend and hold harmless Tapoco or APGI, including without limitation their employees, agents, contractors and representatives, from and against, any and all injury (including death), loss, damage, claims or causes of action of any kind whatsoever including, without limitation, damage or injury (including death) to person or property and damage to natural resources, arising from, connected with, or growing out of the existence, construction, reconstruction, repair, maintenance, modification, replacement, use or other activities related to the activity, the structure, APGI-owned lands, the reservoirs, or the use of enjoyments of any right or privileges granted to in the Construction Permit.
- 13. The grant of the Construction Permit will not in any manner or to any extent limit the rights of Tapoco or APGI with respect to the Project lands or waters, or APGI-owned lands. Tapoco will not assert or attempt to assert any right or claim to any of the Project lands or waters, APGI-owned lands or other property or rights of Tapoco or APGI, whether or not use of the same is granted in the Permit, and the grant of the Permit will not be deemed to vest title thereto in the adjoining property owner.
- 14. The structures and activities will be subject to periodic inspection by authorized personnel of Tapoco. Tapoco's authorized representatives shall be allowed to cross the adjoining property owner's property, as necessary, to inspect the structures or activities.
- 15. The Construction Permit shall be encased in a waterproof sheath and posted on the adjoining property owner's property in a location visible from the water so that it can be visually checked with ease by Tapoco's authorized representatives. The adjoining property owner shall remove the Construction Permit upon the issuance by Tapoco of a Private Recreational Facility Permit.
- 16. The adjoining property owner shall notify Tapoco of completion of construction and arrange for Tapoco to inspect the completed construction to ensure that (i) the activities or structures have been maintained in good repair and comply with all applicable federal, state and local health and safety requirements; (ii) the adjoining property owner has complied with the Construction Permit, Tapoco's Specifications, Tapoco's Shoreline Stewardship Policy and all other applicable Tapoco procedures and requirements; and (iii) the adjoining property owner signs a new permit in the form required by Tapoco.
- 17. Other Conditions.
