Carenage Health Centre gets boost from Alcoa Company

THE Carenage Health Centre received a boost recently from Alcoa Steamship Company Inc., Carenage.

The company donated a wheel chair, medical scale, two blood pressure kits, two speculum and a television and video to the health centre. The doantion is part of an on-going commitment to assist the

community of Carenage. Alcoa will also be doing some refurbishment work at the centre.

Representatives of Alcoa Steamship Company Inc., the Carenage Health Centre and the Ministry of Health were all present when the formal presentation was made recently.
