

## Huntly Bauxite Mine

**Address:** PO Box 172, Pinjarra, Western Australia, 6208

**Phone:** +61 8 9530 2800

**Business:** Alcoa Mining

**Product:** Bauxite

**Certifications:** ISO 14001

**Mine Manager:** Affonso Bizon

<p><b>Overview</b></p>	<ul style="list-style-type: none"> <li>• Huntly mine is the world's second largest bauxite mine, supplying ore to Pinjarra and Kwinana alumina refineries. It was established in 1976 and is located near Dwellingup in Western Australia.</li> <li>• In 2016 Huntly mine supplied approximately 24.5 million tonnes of bauxite via a direct overland conveying system to Pinjarra alumina refinery, and via an overland conveyor and rail to Kwinana alumina refinery. The current crusher is located at Myara.</li> <li>• Huntly mines bauxite from within a defined Mineral Lease (known as ML1SA).</li> <li>• Alcoa's mining operations are overseen by the Mining and Management Program Liaison Group (MMPLG), which consists of representatives from across government. The MMPLG is responsible for reviewing mine plans and associated activities and making recommendations to the WA Minister for State Development.</li> <li>• Bauxite ore from Huntly and Willowdale mines helps to produce approximately 43 per cent of Australia's alumina and 20 per cent of Australia's aluminium.</li> </ul>
<p><b>Economic Impact</b></p>	<ul style="list-style-type: none"> <li>• Approximately 620 people work at Huntly mine.</li> <li>• In 2016, the mine injected approximately AU\$78 million into the local community through salaries, wages and benefits, and more than AU\$110 million in local WA supply contracts.</li> <li>• In 2016, Alcoa of Australia injected approximately AU\$250 million into Australia's local, state and federal governments through the payment of royalties, taxes, rates and charges. Approximately AU\$88.5 million was paid to Western Australian local and state governments.</li> <li>• More than 75 per cent of Alcoa of Australia's total annual revenue stays in Australia through wages, local purchasing, taxes, royalties, capital investment and dividends to Australian shareholders.</li> </ul>
<p><b>Community</b></p>	<ul style="list-style-type: none"> <li>• In 2016, the mine invested approximately AU\$44,000 into local community organisations through sponsorships and partnerships, along with further in-kind contributions.</li> <li>• Employees also initiated volunteer-based grants of approximately AU\$63,000 for non-profit community partners and contributed approximately 900 hours of volunteer community service.</li> <li>• Huntly mine engages with the community through the Alcoa Myara Mining Community Forum.</li> <li>• Find out more at <a href="http://www.alcoa.com/australia/en/sustainability/community-partnerships.asp">http://www.alcoa.com/australia/en/sustainability/community-partnerships.asp</a></li> </ul>
<p><b>Environment</b></p>	<ul style="list-style-type: none"> <li>• Alcoa is a recognised world leader in mine site rehabilitation and is the first mining company in the world to achieve 100 per cent plant species richness in our rehabilitated mine site areas. Each year, approximately 600 hectares of mined land is rehabilitated helping restore the forest ecosystem.</li> <li>• Environmental stewardship is our priority. We implement industry-leading processes and techniques to mitigate biodiversity impacts from our operations.</li> <li>• Find out more at <a href="http://www.alcoa.com/australia/en/sustainability/environmental-management.asp">http://www.alcoa.com/australia/en/sustainability/environmental-management.asp</a></li> </ul>
<p><b>About Alcoa</b></p>	<p>Alcoa (NYSE: AA) is a global industry leader in bauxite, alumina and aluminum products, with a strong portfolio of value-added cast and rolled products and substantial energy assets. Alcoa is built on a foundation of strong values and operating excellence dating back nearly 130 years to the world-changing discovery that made aluminum an affordable and vital part of modern life. Since inventing the aluminum industry, and throughout our history, our talented Alcoans have followed on with breakthrough innovations and best practices that have led to efficiency, safety, sustainability and stronger communities wherever we operate.
