CONTRIBUTING TO AUSTRALIA’S ECONOMY SINCE 1963

ALCOA OF AUSTRALIA HAS OPERATED IN AUSTRALIA FOR MORE THAN 55 YEARS.

Our operations represent one of the world’s largest integrated bauxite mining, alumina refining and aluminium smelting systems.

Two bauxite mines and three alumina refineries in Western Australia produce almost 45 per cent of Australia’s alumina.

And Portland Aluminium Smelter* in Victoria produces approximately 13 per cent of the nation’s aluminium.

We employ thousands of people, predominately from regional Western Australia and Victoria, and add value to Australia’s local, state and national economies at every stage.
